Dear Creativity Families,

This Term, Creativity students are investigating what home means to people in their local and global communities.

Please support and contribute to our research by responding to our big question ‘What is home?’

There are two ways you can be involved in our project.

**Social Media - Twitter and Instagram**
1. Take a photo of your house (or a part of your house).
2. Write a sentence explaining what home means to you.
3. Upload it to Twitter or Instagram using the hash tag #whatishomecps and tagging @creativitycps.

**Your Child’s Journal**
Your child will bring home a journal and a house they have created to share with family and friends on Friday 13th March.
1. Add an entry into your child’s journal explaining what home means to you.
2. Draw a picture or add a photo to the journal entry.

Please send these back to school by the last day of Term 1, Friday the 27th March.

Please see below for examples.

Thank you for your support,
The Creativity Team.
