Dear Parents and Carers,

Re: 2026 Parent Payments – Year 2

Canterbury Primary School is looking forward to another great year of teaching and learning and would like to advise you of Canterbury Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. However, Canterbury Primary School Council wants to provide your child/ren with more. Without the support of our families through your contributions (both Curriculum Contributions and Other Contributions) and fundraising, we could not provide the quality and range of educational programs and resources that you and the school expect for your child.

School Council makes every effort to keep the cost of items and activities to a minimum and affordable for all parents.

Thank you to all of those families who have made a contribution to our school, these funds have been gratefully received and allowed us to:

- Purchase a variety of take-home books for students in Prep – Year 2, providing greater variety and challenge, which was feedback received at Junior School Council in August.
- Improve library resources to better support the delivery of the Humanities Curriculum, specifically history and geography.
- Improve outdoor facilities, including a Junior School Playground, Fairy Garden and Senior Playspace.
- Deliver a well-resourced specialist program, which included whole-school house events, a junior school arts showcase, cooking program and a special Mothers' Day activity for all students in Prep – 6.
- Deliver a Year 5 & 6 Production, which involved more than 160 students. Funds received helped the school to pay for costumes, backdrops, props and sound equipment.
- Resource digital technology equipment and provide classrooms with access to an IT technician.
- Implement a comprehensive Makerspace and lunchtime club program from Prep – Year 6, with new robotic and coding equipment purchased, and sewing machines and 3D printers serviced.
- Maintain our buildings and grounds, including routine, urgent and planned maintenance tasks
